

Camera Switcher – Job Description

Overview:

Join our control room team as a Volunteer Camera Switcher and help bring live hockey broadcasts to life. You'll switch between camera feeds to capture key moments like goals, penalties, and crowd reactions, ensuring a seamless and exciting viewing experience. This role is fast-paced and requires quick thinking, good coordination, and an eye for detail.

Responsibilities:

- **Camera Switching:** Operate the video switcher to move between camera angles (e.g., action shots, close-ups, crowd reactions) during the game.
- **Collaborate with Director:** Follow the director's instructions to capture key moments and align with their broadcast vision.
- **Monitor Camera Feeds:** Keep track of live feeds, solve issues, and make fast decisions to ensure smooth transitions.
- **Communication:** Stay in constant contact with the director and team for updates and feedback.
- **Post-Game Cleanup:** Help pack and organize equipment after the game.

Qualifications:

- Interest in sports broadcasting (hockey knowledge is a bonus).
- Familiarity with camera equipment and video systems is helpful (training provided).
- Quick reflexes and attention to detail to capture important game moments.
- Team player who can stay calm and adapt during high-pressure moments.
- Punctual and reliable for the full event duration.

Benefits:

- Gain hands-on sports broadcasting experience.
- Learn to use professional equipment and boost your production skills.

- Watch live hockey from behind the scenes and be part of the action.
- Enjoy complimentary event access and connect with professionals in the field.

How to Apply:

We're looking for eager, enthusiastic volunteers ready to learn and contribute to live sports production.
